

KSFA SELECTION STATEMENT

General

The selection of each County Squad is the responsibility of the management team appointed annually by KSFA, together with other KSFA officials where appropriate.

The selection criteria for a squad for the season as a whole or for any particular match are based on the management team's judgement and perception of a player's abilities, attitude/conduct (including factors such as punctuality, appearance and reliability), athleticism, decision-making, fitness levels, commitment (including attendance at training sessions) and the need for team balance.

Once a team or squad is selected, attendance at training is compulsory. No requests for release from training to play in club matches will be considered. Injured players are encouraged if possible to attend. If players cannot attend, the KSFA must be notified 24 hours before the training session. If a continual absence from training occurs consultation will take place between player, parents and the KSFA as to their commitment to the team.

At Under 13 level and below players can expect ample and fair time in representative matches - this applies over the county season as a whole, not to each individual match.

At Under 14 and above in Inter-County competition matches selection and playing time **may** be made on the 'best team' basis although over the season as a whole every effort will be made to involve the whole squad – the extent to which this is possible will depend on the management team's judgement and perception as outlined above.

The KSFA operates with squads of 16-20 (plus reserves where appropriate), although this number may vary slightly. When an entire squad is available or competition rules restrict the numbers that are able to be selected, certain players may be 'rested'. Every effort will be made not to "rest" players for consecutive matches unless injured or not available. Selection for matches in knock-out competitions will be made on the 'best team' basis.

Players represent Kent with the consent of their school. If a school requests that a player be withdrawn from the County Squad, the KSFA will agree to that request.

Selection Process

In order to select the players for the squad the following will apply:

- Players must be nominated by their schools/districts on the official nomination form (there may be certain instances when this will not apply, e.g. when a child is being home-educated)
- Players' parents/carers must complete and sign the official Consent Form and pay the required fee.
- The KSFA shall administer the selection process.
- A minimum of two selectors are to be at each trial.
- The management team and other KSFA officials shall be the main selectors. Other selectors may be invited by the KSFA as appropriate
- No selector shall be involved in the selection of any player who is directly related to them, or who attends the school at which they teach, or who plays for any other team with which they are involved.
- The KSFA reserves the right to include in a squad players who for legitimate reasons have not been able to take part in the trial process.
- KSFA officials actively and regularly watch school, district and club football and alongside the trial process will consider selection based on player performances in familiar surroundings to the individual which they are comfortable with.

Trials Specific Information

- The number of trials to be held will be determined by the number of nominations received.
- Each trial shall consist of match play but trials may also incorporate skill drills.
- At the conclusion of the final trial a squad of 16-20 players plus reserves will be announced.
- Every endeavour shall be given to trialling players in their preferred positions.
- Selectors reserve the right to trial players in other positions.
- Selectors shall consider all aspects of the game including (but not limited to) physical ability, skill, tactics and attitude.
- Selectors shall reach decisions by consensus wherever possible.
- When selecting one player before another, selectors shall make an "on balance" decision, based on all the attributes and abilities shown by the players.
- When selecting the final squad, selectors shall consider the balance of the squad in terms of positional play.
- Prior achievements and accomplishments outside of trials and squad training may be considered.
- Injured players may be given time to trial by being exempted from early trials or by being included in squads provided the timeline is sufficient to enable adequate preparation after selection.
